

# **Boston Public School Changes Are You Ready? Are You Informed?**

Film Screening of  
***The Inconvenient Truth Behind Waiting for Superman***  
Monday, August 29, 2011  
5:30 PM - 7:45 PM  
The Dudley Branch Library  
Presented by TAG Boston

What's the difference between traditional public schools and charter schools?

What do PARENTS, STUDENTS, and TEACHERS think about improving schools?

What are tests like the MCAS used for and who uses them?

Are teachers and unions really to blame for failing public schools?

Who is reforming our public schools, and who is funding these changes?

If you would like to talk to public school teachers and community members about these questions, please join us for a screening of *The Inconvenient Truth Behind Waiting for Superman* - a response to the film *Waiting for Superman* that highlights voices of parents, teachers, and students.

Presented by Teacher Activist Group (TAG) Boston
